Dear Stakeholders

RE: Letters of Support Physician Recruitment

Over the last number of years the Town of Legal has been challenged with attracting a physician to our community. We have been working and in contact with Alberta Rural Physician Action Plan Consultants (RPAP), Greater Edmonton Health Advisory Council and have met with pharmacists and physicians on multiple occasions.

Recently Deputy Mayor Trina Jones and the Chief Administrative Officer met with a physician who is interested in submitting an application to Alberta Health Services to request approval for a licensed medical facility in our community. Although we are in the infancy stages of this approval, attaching numerous letters of support would be invaluable when submitting the application. We have been informed that the process for facility approvals could take up to six months.

Time is of essence. We are requesting not for profits organizations, community leaders, business owners, schools, institutions, sports clubs and residents to provide "Letters of Support" exemplifying the need and benefits for a family physician in our community. We ask that you address the letters "To Whom it May Concern" as these support letters will be sent to Alberta Health Services with the completed application form.

Please email your support to: main@legal.ca or drop off at the Town Office at 5021-50 street no later April 20th, 2017.

We thank you in advance for your time and participation in this matter.

Sincerely

Carol Tremblay
Mayor
Town of Legal
