Items may be sorted differently depending on your community

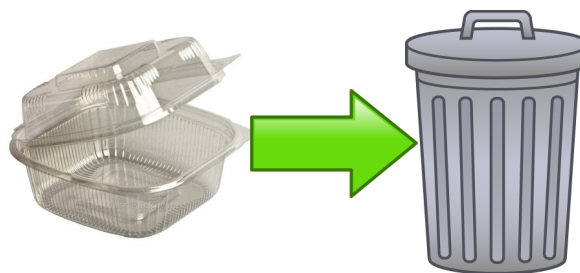

Shredded paper is to go into organic waste!

*Do not bring to the Municipal Shop Compost Pile. 'Organic Waste' means personal compost bins.

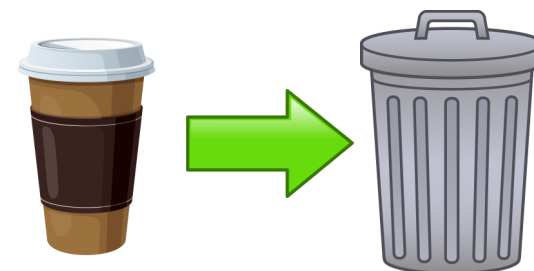

It will still be accepted in the regular recycle pickup, but keep it separate from other recycled materials.

Clamshell packaging is no longer accepted for recycling.

These include fruit containers, sandwich containers, etc. Please dispose of in landfill waste.

To-Go coffee cups are not recyclable!

This includes the lids!
Please dispose of these in landfill waste.

Rigid molded plastic containers are accepted in regular recycle pickup.

These include laundry detergent bottles, margarine containers, dish soap bottles, etc. Do not include lids - those go in the landfill.

All items placed in your blue recycle bag must be clean and free of food, liquids and dirt!

Non-refundable glass & containers that are clean from dirt and residue are to be brought to Eco-Stations.
